SEC. 2. No fees other than those prescribed in the foregoing Tariff of Fees, or fees prescribed by or pursuant to an act of Congress, shall be charged or collected by officers of the Foreign Service for official services performed abroad.

SEC. 3. All fees shall be collected in the coin of the United States or at its representative value in exchange.

Sec. 4. All fees shall be paid in advance: *Provided*, That in case the service is performed elsewhere than at a Foreign Service office, or in case the amount to

be charged cannot be determined until the service is performed, the amount of the fee shall be carefully estimated, and the estimated amount of the fee shall be deposited with the officer before the service is performed, subject to refundment of any sum in excess of the amount chargeable under the foregoing Tariff of Fees.

Sec. 5. Notwithstanding section 1 of this order, no fees prescribed in the foregoing Tariff of Fees shall be charged or collected by consular officers for official services to American vessels and seamen. The term "American vessels" as used herein shall not include undocumented American vessels; and the fees prescribed in the said Tariff of Fees shall be charged and collected for official services performed for such undocumented. vessels.

SEC. 6. In addition to the fees prescribed in the said Tariff of Fees, transportation and other incidental costs actually and necessarily incurred by officers of the Foreign Service performing services elsewhere than at a Foreign Service office, shall be collected from the persons requesting the performance of such services. Such collections shall not be considered as part of the official fees but shall be recorded as deposit funds and accounted for as such, with full identifying data on vouchers and records, including the number, date, and nature of the service in connection with which the expenses are incurred, and the names of the interested parties.

Chapter IX—Agricultural Marketing Service (Marketing Agreements and Orders), Department of Agriculture

[Grapefruit Reg. 113]

PART 955—GRAPEFRUIT GROWN IN ARIZONA; IN IMPERIAL COUNTY, CALIF.; AND IN THAT PART OF RIVERSIDE COUNTY, CALIF., SITUATED SOUTH AND EAST OF THE SAN GORGONIO PASS

LIMITATION OF SHIPMENTS

§ 955.374 Grapefruit Regulation 113—(a) Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 55, as amended (7 CFR Part 955), regulating the handling of grapefruit grown in the State of Arizona; in Imperial County, California; and in that part of Riverside County, California, situated south and east of the San Gorgonio Pass, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendations of the Administrative Committee (established under

the aforesaid amended marketing agreement and order), and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U.S. C. 1001 et seq.) because the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than February 10, 1957. Shipments of grapefruit, grown as aforesaid, have been subject to regulation by grades

and sizes, pursuant to the amended marketing agreement and order, since October 21, 1956, and will so continue until February 10, 1957; the recommendation and supporting information for continued regulation subsequent to February 9, 1957, were promptly submitted to the Department after such recommendation was made by the Administrative Committee on January 31, 1957; the provisions of this regulation, including the effective time thereof, are identical with the aforesaid recommendation of the committee and information concerning such provisions and effective time has been disseminated among handlers of such grapefruit; it is necessary, in order to effectuate the declared policy of the act, to make this regulation effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of grapefruit, and compliance with this regulation will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) Order. (1) During the period beginning at 12:01 a. m., P. s. t., February 10, 1957, and ending at 12:01 a. m., P. s. t., March 17, 1957, no handler shall ship—

(i) Any grapefruit of any variety grown in the State of Arizona; in Imperial County, California; or in that part of Riverside County, California, situated south and east of the San Gofgonio Pass unless such grapefruit grade at least U.S. No. 2; or

(ii) From the State of California or the State of Arizona (a) to any point outside thereof in the United States, any grapefruit, grown as aforesaid, which are of a size smaller than 3%6 inches in diameter or (b) to any point in Canada, any grapefruit, grown as aforesaid, which are of a size smaller than 3% inches in diameter ("diameter" in each case to be measured midway at a right angle to a straight line running from the stem to the blossom end of the fruit), except that a tolerance of 5 percent, by count, of grapefruit smaller than the foregoing minimum sizes shall be permitted which tolerance shall be applied in accordance with the provisions for the application of tolerance, specified in the revised United States Standards for Grapefruit (California and Arizona), §§ 51.925-51.955 of this title: Provided, That in determining the percentage of grapefruit in any lot which are smaller than 3% inches in diameter, such percentage shall be based only on the grapefruit in such lot which are of a size 313/16 inches in diameter and smaller; and in determining the percentage of grapefruit in any lot which are smaller than 3316 inches in diameter, such percentage shall be based only on the grapefruit in such lot which are of a size 31% inches in diameter and smaller.

(2) As used in this section, "handler," "variety," "grapefruit," and "ship" shall have the same meaning as when used in said amended marketing agreement and order; and the term "U. S. No. 2" shall have the same meaning as when used in the revised United States Standards for

Grapefruit (California and Arizona), \$\\$51.925-51.955 of this title.

PART 1002—MILK IN GREATER WHEELING MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS OF ORDER, AS AMENDED, REGULATING HANDLING

Correction

In F. R. Document 57-775, appearing in the issue for Thursday, January 31, 1957, at page 636, in line 4 of the paragraph which begins "It is therefore ordered", the date "February 27" should read "February 1957".

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Civil Air Regs., Amdt. 60-1]

PART 60-AIR TRAFFIC RULES

PILOT VIGILANCE AND RESTRICTIONS ON FLIGHT TESTING

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 5th day of February 1957.

Part 60 of the Civil Air Regulations sets forth the Air Traffic Rules which are applicable to all aircraft. These rules contain provisions prohibiting both civil and military aircraft from being flown in any unusual maneuvers over congested areas or on civil airways and prescribe certain minimum altitudes for the protection of persons or property on the ground. Although there are no specific provisions in Part 60 dealing with flight testing, all civil aircraft for which an airworthiness certificate has not yet been issued are prohibited from flying over thickly populated areas or large gatherings of people by limitations set forth in special test flight authorizations issued by the Administrator. Military aircraft, however, are not subject to these specific limitations.

The problems arising from the flight testing of production and experimental aircraft have long been the subject of considerable attention on the part of the Government. In 1947 an extensive study was undertaken by the civil and military agencies concerned, with a view toward determining the safeguards which should be applied to prevent the creating of a public hazard. At that time it was agreed that it would be impracticable to relocate aircraft manufacturing establishments outside highly populated areas but that the flight testing of production and experimental aircraft should be accomplished in sparsely settled areas and in airspace of relatively light traffic density. Although considerable effort has been made to insure that flight testing activity is in fact conducted under circumstances in which hazard to persons on the ground or to other aircraft in flight will not result, the recent collision of aircraft undergoing certain tests in flight necessitates the immediate promulgation of amendments to Part 60 which will reduce the possibility of midair collision and further enhance the safety of persons or property on the ground.

These amendments herein adopted prohibit the flight testing of aircraft unless such flight test is conducted (1) over open water or sparsely populated areas having light air traffic and approved by the Administrator, or (2) within a flight test area designated by the Administrator. This regulation also provides that all flight tests are to be conducted in accordance with such traffic rules which the Administrator may from time to time prescribe.

In order to achieve the above mentioned objectives, we are including within the term "flight tests," the operation of all aircraft in flight for the purpose of testing, observing, or measuring the performance of an aircraft, airframe, powerplant, or propeller after its manufacture or major alteration, except for take-off, landing and operation to and from the area authorized for such flight tests.

In addition to the regulatory change dealing with flight testing, the Board is also concerned with the problems relating to flight operations requiring more than normal preoccupation with cockpit duties. In order to stress the importance of vigilance on the part of the pilot to observe and avoid other air traffic, the regulation amends § 60.12 (c) by calling attention to the fact that lack of vigilance due to more than normal preoccupation with cockpit duties may constitute careless or reckless operation of aircraft.

For the reasons stated above, it is the opinion of the Board that a situation exists requiring immediate action in respect to safety in air commerce and that notice and public procedure hereon are impracticable and contrary to the public interest, and the Board finds that good cause exists for making this amendment effective on less than 30 days' notice.

Interested persons desiring to present written data setting forth their views with respect to the rules herein adopted are requested to submit such matter to the Board on or before March 22, 1957. All communications so received will be considered by the Board and the rules herein adopted will be reconsidered fully in the light of the comments submitted.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 60 of the Civil Air Regulations (14 CFR Part 60, as amended) effective February 20, 1957.

1. By amending paragraph (c) of the note under § 60.12 to read as follows:

\$60.12 Careless or reckless operation. * * *

(c) Lack of vigilance by the pilot to observe and avoid other air traffic. In this respect, the pilot must clear his position prior to starting any maneuver, either on the

ground or in flight. Furthermore, flight activities requiring such crew preoccupation with cockpit duties as to prevent adequate vigilance outside the cockpit for the purpose of collision avoidance shall be evidence of careless or reckless operation unless some provision is made which adequately compensates for such reduced degree of vigilance such as use of a competent observer in the aircraft, a chase aircraft, or other appropriate arrangements.

- 2. By adding a new § 60.24 and a note to read as follows:
- § 60.24 Flight test. No person shall flight test an aircraft unless such flight test is conducted (a) over open water or sparsely populated areas having light air traffic and approved by the Administrator, or (b) within a flight test area designated by the Administrator. All flight tests shall be conducted in accordance with such traffic rules as the Administrator may from time to time prescribe.

Note: It should be recognized that any flight operation that requires more than normal preoccupation with cockpit duties may result in careless or reckless operation of aircraft. See Example (c) under § 60.12.

3. By adding a new definition to \S 60.60 to read as follows:

§ 60.60 Definitions. * * *

Flight test. "Flight test" means the operation of aircraft in flight for the purpose of testing, observing, or measuring the performance of an aircraft, airframe, powerplant, or propeller after its manufacture or major alteration (as defined in Part 18 of this subchapter), except for take-off, landing and operation to and from the area authorized for such flight tests.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Inter- pret or apply secs. 601, 1005, 52 Stat. 1007, 1023, as amended; 49 U. S. C. 551, 645)

By the Civil Aeronautics Board.

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign Commerce, Department of Commerce

Subchapter B—Export Regulations
[8th Gen. Rev. of Export Regs.; Amdt. 25-1]

PART 372—PROVISIONS FOR INDIVIDUAL AND OTHER VALIDATED LICENSES

PART 371—GENERAL LICENSES

PART 373—LICENSING POLICIES AND RELATED SPECIAL PROVISIONS

PART 379—EXPORT CLEARANCE AND DESTINATION CONTROL

MISCELLANEOUS AMENDMENTS

1. Section 371.2 General provisions, paragraph (b) Use of general license symbol is amended to read as follows:

(b) Use of general license symbol—(1) Symbol on shipper's export declaration. A person exporting any commodity or technical data pursuant to any general license established in this part or Part 385 of this subchapter shall enter on the Shipper's Export Declaration, when the Declaration is required, the designation or symbol of the general license authorizing the exportation.

Example. If medicinals are to be sent to a member of the American Embassy in a foreign country, they may be exported under general license GUS, and the exporter will note on the Declaration the symbol GUS to indicate that the exportation is licensed.

- (2) Symbol on mail shipments. (i) In the case of exportations by mail, except as provided in subdivision (ii) of this subparagraph, the designation or symbol of the general license shall be entered also on the address side of the wrapper of the parcel and shall be followed by the phrase "Export License Not Required." The use of such designation or symbol and the above phrase shall constitute a certification by the exporter that the terms, provisions, and conditions of the general license involved have been met.
- (ii) The general license designation or symbol and the above phrase is not required on the wrapper (a) when technical data are exported by a United States Government agency under the provisions of general license GTDP or GTDS, or (b) when noncommercial shipments of publications or technical data are exported via first class mail under the provisions of general license GTDP or GTDS by other than a business concern, e. g., private person not engaged in business, philanthropic organization, non-profit scientific society, etc.
- 2. Section 371.8 General license GRO; shipments of non-Positive List commodities, paragraph (b) Surplus agricultural commodities and manufactures thereof, subparagraph (2) Exportations is amended by adding a footnote reference in the heading thereof and the following footnote:
- ¹ Until April 3, 1957, shipments of surplus agricultural commodities under general license GRO continue to require a destination control statement on the Shipper's Export Declaration, Bill of Lading, and commercial invoice (see § 379.10 (c) (1) (iii) for form of statement). On and after April, 3, 1957, the export documents covering such shipments shall include the applicable destination control statement set forth in § 379.10 (c).
- 3. Section 371.10 General license GLV; shipments of limited value is amended to read as follows:
- § 371.10 General License GLV; shipments of limited value—(a) Purpose and symbol. A general license designated GLV is hereby established, authorizing the exportation from the United States of shipments within certain specific dollar-value limits.
- (b) Definitions and interpretations. The following definitions and interpretations are applicable to this section:
- (1) "Net value" means the actual selling price less shipping charges or the

current market price to the same type of purchaser in the United States, whichever is the larger.

- (2) "One importer" is interpreted as follows: For exportation under the provisions of this section, not more than the amount authorized under this general license may be exported in a single shipment from a designated exporter to a designated consignee or to an intermediate consignee even though such shipment is to be forwarded to one or more ultimate consignees.
- (3) "Commodity" means a commodity under the export control jurisdiction of the Department of Commerce. Commodities licensed by agencies other than the Department of Commerce may not be exported under the provisions of this general license (see § 370.4 of this subchapter).

(4) "Single shipment" means the shipment of all commodities which move at the same time from one exporter to one importer on the same exporting carrier, except that not more than one shipment may be made by parcel post or mail per calendar week from one exporter to one importer.

- (c) Evasion of "single shipment" provisions. Shipments designed as a device to evade the requirement of a validated export license are prohibited. Such devices include, but are not limited to, (1) the splitting of orders from a single consignee into two or more shipments the total value of which exceeds the maximum GLV dollar-value limit specified for a single shipment; (2) the solicitation from a single consignee of a number of separate orders each of which conforms to such dollar-value limits but which have a combined value in excess thereof.
- (d) Positive List commodities. Commodities included on the Positive List of Commodities (§ 399.1 of this subchapter) may be exported in a single shipment under this general license to all destinations, except Hong Kong, Macao, and Subgroup A countries (see § 371.3 (a)), as follows:
- (1) R destinations. RO or R commodities classified in a single entry on the Positive List may be exported to Group R destinations, provided that the net value of the shipment is within the dollar-value limit specified in the column headed "GLV Dollar Value Limits."
- (2) O destinations. RO commodities classified in a single entry on the Positive List may be exported to Group O destinations, provided that the net value of the shipment is within the dollar-value limit specified in the column headed "GLV Dollar Value Limits" (including those limits specified as "none"), or \$500, whichever is higher, unless the commodity is identified by the symbol "G" in the column headed "Commodity Lists." Where the commodity is identified by the symbol "G", the commodity may be exported only within the dollar-value limit specified in the column headed "GLV Dollar Value Limits."
- (3) Special provisions for Mexico—(i) Limitations on commodities under quantitative quotas. Commodities subject to quantitative quotas which have been an nounced in Current Export Bulletins and which are being exported to Mexico by or

¹This amendment was published in Current Export Bulletin No. 779, dated January 31, 1957.

on behalf of the same exporter to or for the account of the same ultimate consignee are restricted to one "single shipment" (as defined in paragraph (b) of this section) per calendar week when such exports are transported otherwise than by common carrier or by mail.

(ii) Certification required. The Shipper's Export Declaration covering any exportation to Mexico which is authorized by general license GLV but which is restricted by the terms of subdivision (i) of this subparagraph shall contain the following additional certification:

The undersigned certifies to the Department of Commerce that the merchandise above described is the only shipment of the commodity(ies) classified under the Schedule B number(s) set forth herein to be exported under the provisions of General License GLV by the undersigned exporter to the consignee named herein during the current calendar week.

(Signed)

- (iii) Hardship or emergency cases. In any case where the Collector determines that the limitations in subdivision (i) of this subparagraph would create an undue hardship, or that an emergency exists in a particular case, he is authorized to permit more than one such shipment in a calendar week under this general license; provided that the value of each such shipment does not exceed the value limitation provided for the commodities included in such shipment under this general license.
- (iv) Collectors authorized to limit shipments. The Collector of Customs is authorized to limit or prevent altogether the exportation of any commodity to Mexico under this general license whenever he shall have cause to suspect that such exportation is being made for the purpose or with the intent of evading the Export Regulations:
- Note: R Commodities. R commodities may be exported to Group O destinations without dollar-value limit under the provisions of general license GO (§371.7).
- (e) Non-Positive List Commodities. Commodities which are not included on the Positive List of Commodities (\$399.1 of this subchapter) may be exported in a single shipment to Hong Kong under the provisions of this general license, provided that for each Schedule B number the net value of commodities classified thereunder does not exceed \$25.
- Note: 1. General license GRO. Commodities not included on the Positive List of Commodities may be exported to any destination, except Hong Kong, Macao, and Subgroup A destinations, without dollar-value limit under the provisions of general license GRO (§ 371.8).
- 2. General license GHK. Certain specified non-Positive List commodities may be exported to Hong Kong in unrestricted quantities under the provisions of general license GHK (§ 371.23).
- (f) Use of other general licenses not restricted. The provisions of this section shall not be construed as limiting the use of any other general license specifically authorized.
- 4. Section 371.22 General license GHS; goods exported to Hong Kong as trade samples is deleted.

- 5. Section 371.23 General license GHK; shipments of certain commodities to Hong Kong, paragraph (a) Scope is amended by adding a footnote reference at the end of the first sentence thereof and the following footnote:
- ¹Single shipments of all non-Positive List commodities may be made to Hong Kong under the provisions of general license GLV if the quantity classified under a single Schedule B number is valued at \$25 or less (see § 371.10).
- 6. Section 372.12 Reexportation from country of destination is amended in the following particulars:
- a. Paragraph (c) Reexportations is amended by deleting therefrom the reference to general license GHS.
- b. A new paragraph (d) is added to read as follows:
- (d) Trieste, Italy, and Yugoslavia. For export control purposes the destination "Italy" includes the area of Trieste under Italian civil administration, and the destination "Yugoslavia" includes the area of Trieste under Yugoslav civil administration. Therefore, a reexportation authorization issued by the Bureau of Foreign Commerce which permits reexportation to Italy automatically includes the area of Trieste under Italian civil administration, and similarly an authorization issued by the Bureau of Foreign Commerce which permits reexportation to Yugoslavia automatically includes the area of Trieste under Yugoslav civil administration.
- 7. Section 373.2 Confirmation of country of ultimate destination and verification of actual delivery, paragraph (a) (1) (ii) Countries is amended by adding the following after "Italy": "(including the area of Trieste under Italian civil administration)".
- 8. Section 373.5 Licensing policy for agricultural commodities and manufactures thereof is amended to read as follows:
- § 373.5 Licensing policy for agricultural commodities and manufactures thereof covering shipments to Subgroup A destinations—(a) Subsidized commodities. It is the general policy of the Bureau of Foreign Commerce to deny applications for validated licenses to export, or authority to reexport, agricultural commodities and manufactures thereof to any Subgroup A destination. except Poland, where the proposed shipment (1) consists of any commodity which is acquired directly or indirectly from the Commodity Credit Corporation, whether in the form acquired or in processed form; (2) consists of any commodity which is shipped in substitution for a commodity acquired directly or indirectly from the Commodity Credit Corporation under an export disposal program; and (3) is subsidized for export by the Commodity Credit Corporation either by cash payments or by payments in kind.
- (b) Non-subsidized commodities—(1) Exports from the United States. License applications covering proposed shipments of agricultural commodities and manufactures thereof destined to Eastern European countries of the Soviet Bloc, other than Poland, many be considered

- for approval, if approval would not be in conflict with the policy stated in paragraph (a) of this section. (See paragraph (c) of this section for shipments to Poland). Such license applications submitted to the Bureau of Foreign Commerce shall contain the following certification in the space entitled "Additional Information" or on an attachment thereto:
- I (We) certify (1) that the commodities covered by this application have not been and will not be obtained directly or indurectly from Commodity Credit Corporation stocks; (2) that the commodities will not be shipped in substitution for a commodity acquired directly or indirectly from the Commodity Credit Corporation under an expert disposal program; or (3) that if the exportation is eligible for a subsidy under a Commodity Credit Corporation export disposal program for surplus agricultural commodities, such subsidy has not been and will not be claimed or obtained.
- NOTE: See § 371.8 for exportations under general license GRO of surplus agricultural commodities and manufactures thereof.
- (2) Reexportations. Requests for authority to reexport agricultural commodities and manufactures thereof to Eastern European countries of the Soviet Bloc, other than Poland, may be considered for approval, (i) if approval would not be in conflict with the policy stated in paragraph (a) of this section or (ii) if the commodities had not been exported from the United States under either the Mutual Security Program or the foreign currency, barter, or other Public Law 480 program. Such requests shall be submitted by letter to the Bureau of Foreign Commerce by the United States exporter and shall contain the following certification:
- I (We) certify (1) that none of these commodities was exported from the United States under either the Mutual Security Program, or the foreign currency, barter, or other Public Law 480 program; (2) that the commodities covered by this request for authority to reexport have not been obtained directly or indirectly from Commodity Credit Corporation stocks; (3) that the commodities were not shipped in substitution for a commodity acquired directly or indirectly from the Commodity Credit Corporation under an export disposal program; or (4) that if the exportation is eligible for a subsidy under a Commodity Credit Corporation export disposal program for surplus agricultural commodities, such subsidy has not been and will not be claimed or obtained.
- (c) Shipments to Poland-(1) Exports from the United States. Applications covering agricultural commodities and manufactures thereof, including commodities mentioned in paragraph (a) of this section, for export to Poland may be considered for approval. Arrangements acceptable to the Commodity Credit Corporation must have been made for cash payment upon delivery in U.S. currency at world market prices (i. e., not less than the Commodity Credit Corporation export prices) (i) for all commodities being exported which were acquired directly or indirectly from the Commodity Credit Corporation and (11) for all commodities acquired from the Commodity Credit Corporation for which substitute commodities are being exported. All applications for export licenses covering agricultural commodities

and manufactures thereof for export to Poland shall be accompanied by the following certification in the space entitled "Additional Information" or on an attachment therefo:

- I (We) certify that arrangements acceptable to Commodity Credit Corporation have been made for cash payment upon delivery in U. S. currency at world market prices (1) for all commodities covered by this application which were acquired directly or indirectly from Commodity Credit Corporation and (2) for all commodities acquired from Commodity Credit Corporation for which substitute commodities covered by this application are being exported.
- (2) Reexportation. Requests for authority to reexport agricultural commodities and manufactures thereof to Poland may also be considered for approval. Such requests shall be submitted by letter to the Bureau of Foreign Commerce by the United States exporter who shall accompany the request with the following certification:
- I (We) certify (1) that none of these commodities was exported from the United States under either the Mutual Security Program or the foreign currency, barter or other Public Law 480 program; and (2) that payment has been made to the Commodity Credit Corporation in U. S. currency at world market prices for (a) all commodities covered by this request which were acquired directly or indirectly from the Commodity Credit Corporation and (b) all commodities acquired from the Commodity Credit Corporation for which any of the commodities covered by this request were exported in substitution therefor.
- 9. Section 373.65 Ultimate consignee and purchaser statements is amended in the following particulars:
- a. Paragraph (b) Statements required from ultimate consignee and purchaser is amended to read as follows:
- (b) Statements required from ultimate consignee and purchaser—(1) General. The applicant shall furnish an original or copy of a statement from the ultimate consignee and purchaser named in the application, certifying to certain facts relating to the proposed transaction. This statement is required by the Bureau of Foreign Commerce to make certain that foreign consignees and purchasers are fully aware of their responsibility not only for the representations made to the Bureau of Foreign Commerce, but also for the proper disposition of the licensed commodities only in those foreign countries where the Bureau of Foreign Commerce has authorized disposition. In addition, the requirement curtails the time-consuming supplementary inquiries by the Bureau of Foreign Commerce which otherwise often may be necessary.
- (2) Signature by ultimate consignee. This statement must be manually signed by the ultimate consignee (the person abroad who is actually to receive the material for the designated end use), or by a responsible official of the ultimate consignee who has personal knowledge of the information included in the statement, who has authority to bind the ultimate consignee, and who has the power and authority to control the use and disposition of the licensed commodities in the country of ultimate destina-

tion. The authority to sign this document may not be delegated to any person (agent, employee, or other) whose authority to sign is not inherent in his official position with the ultimate consignee. The official signing the statement may be located in the United States or in a foreign country; his official title shall be included with his signature.

(3) Signature by purchaser. If the purchaser (the person abroad who has entered into the export transaction with the applicant to purchase the commodities for delivery to the ultimate consignee) named in the export license application is a different person from the named ultimate consignee, the purchaser must either sign the statement executed by the ultimate consignee, or the applicant must also attach to the application an additional statement executed by the purchaser. This statement from the purchaser shall meet the same requirements of signature, etc., as are stated in subparagraph (2) of this paragraph for the ultimate consignee, and it must cover the same subject matter as required from the ultimate, consignee in subsequent paragraphs of this section. The purchaser's statement may be a single transaction statement or a multiple transactions statement and shall be completed in accordance with the procedure described in paragraph (c) of this section.

(4) Alterations. No corrections, additions, or alterations to a consignee or purchaser statement may be made by the applicant for an export license after the statement has been signed by the consignee or purchaser. If the signed statement is incomplete or incorrect in any respect, the applicant shall obtain a corrected statement from the consignee and/or purchaser.

(5) Amendments to statements. Where a consignee or purchaser statement (Form FC-842 or FC-843) is on file in the Bureau of Foreign Commerce an amendment to the statement may be submitted in the form of an additional Form FC-842 or FC-843, a wire or cable, or a copy of the wire or cable from the ultimate consignee. Sufficient identifying information shall be submitted with the amendment to permit the Bureau of Foreign Commerce to identify the amendment with the statement on file in the Bureau of Foreign Commerce. such as: Form number (Form FC-842 or FC-843); name of consignee or purchaser and date of signing; Bureau of Foreign Commerce Case No. of the license application with which the statement was submitted to the Bureau of Foreign Commerce; applicant's reference number, etc.

(6) Applications filed without statements. An application not supported by a statement (where required) from the ultimate consignee or purchaser will be returned without action to the applicant. However, an applicant who can show to the satisfaction of the Bureau of Foreign Commerce that he has made diligent efforts to obtain such statement and has been unable to get it, may so advise the Bureau of Foreign Commerce in a letter attached to his application, giving the stated reasons of the ultimate

consignee or purchaser for failing or refusing to give the applicant such statement and the application will receive consideration for approval.

(7) 30-day grace period for Positive List additions. When a commodity becomes subject to the requirements of this section by reason of having been added to the Positive List, export license applications for such commodity to Group R countries or for Group O countries under the TL licensing procedure need not conform to these requirements for a period of 30 days from the time such commodities are added to the Positive List. In lieu of the end-use and ultimate consignee statements during such 30-day period, applications shall be accompanied by any evidence available to the exporter which will support the applicant's representations concerning the ultimate consignee, ultimate destination, and the end-use. Such evidence may consist of copies of the letter of credit, the order for the commodities, correspondence between the exporter and consignee, or other documents received from the consignee.

- b. Paragraph (c) Information required in consignee statements, subparagraph (1) General, subdivision (iii) is amended by amending (i) and adding a new (j) to read as follows:
- (i) A certification by the consignee and/or purchaser, as defined in subparagraphs (2) and (3) of paragraph (b) of this section, that the facts contained in the statement are true and correct to the best of their knowledge and belief; a certification by the consignee and/or purchaser that they will promptly send a supplemental statement to the United States exporter (or the foreign distributor in the case of a Foreign Distribution license) of any change of facts or intentions set forth in their statement which occurs after the statement has been prepared and forwarded: and that with respect to any shipment which they propose to dispose of contrary to the representations made in the statement, or contrary to the limitations on countries of distribution which may be received on the bill of lading, commercial invoice or other comparable documents, they will notify the United States exporter and secure approval of the Bureau of Foreign Commerce through the United States exporter prior to such disposition.

(1) The applicable information described below should be submitted to the Bureau of Foreign Commerce by the applicant for the export license or the duly authorized agent of the applicant in those instances where the consignee or purchaser statement (Form FC-842 or FC-843) contains corrections, additions or alterations. Statements which do not contain this information may be returned to the applicant for clarification.

- (1) Where the statement contains changes which appeared on the statement at the time of receipt from the ultimate consignee or purchaser, the following certification may be attached to the statement:
- I (We) certify that no corrections, additions or alterations were made on the attached Form (FC-842) (FC-843) by me (us)

after the form was signed by the (ultimate consignee) (purchaser).

(2) Where the statement has been partially or completely filled in by the applicant or his agent prior to signing by the ultimate consignee or purchaser, the "Assistance in Preparing Statement" space on Forms FC-842 or FC-843 (Item 8) shall show the name of the person assisting in the preparation of the statement. If in so assisting, corrections, additions or alterations are made on the form, the applicant shall submit à statement to the Bureau of Foreign Commerce, when the form is filed, setting forth the changes made and the reason(s) for making the changes in addition to the preceding certification.

(3) Where the statement contains changes made by the applicant or his duly authorized agent after the statement was signed by the ultimate consignee or purchaser, a statement by the applicant stating that the changes were made after the Statement was signed by the ultimate consignee or purchaser and setting forth the changes and the reason for making the changes shall accompany the Form FC-842 or FC-843.

10. Section 373.70 Yugoslavia, paragraph (a) End-use certificate require-ment is amended by adding after "Yugoslavia" the following: "(including the area of Trieste under Yugoslav civil administration)".

11. Section 373.71 Supplement 1; Time schedules for submission of applications to export certain Positive List commodities of Subpart E is renumbered § 373.81 and a new § 373.71 is added to read as follows:

§ 373.71 Trieste. For export control purposes the destination "Italy" includes the area of Trieste under Italian civil administration, and the destination "Yugoincludes the area of Trieste under Yugoslav civil administration. Therefore Applications for Export Licenses (Form FC-419), which make reference to Trieste, shall also specify which of the following areas is referred to:

- (a) The area of Trieste under Italian civil administration.
- (b) The area of Trieste under Yugoslav civil administration.
- 12. Section 379.1 General export clearance requirements, paragraph (b) Exportations by mail, subparagraph (2) Shipments under a general license is amended to read as follows:
- (2) Shipments under a general license-(i) Declaration required. The sender (exporter) shall present to the Postmaster at the place of mailing a duly executed Shipper's Export Declaration for each commercial mail shipment made under a general license from one business concern to another business concern when the shipment consists of a commodity(ies) valued at \$25 or more.1 Exportation by mail of technical data under a general license does not require the submission of a Declaration.

(ii) Symbol on Declaration. In preparing the Declaration for presentation to the Postmaster the sender shall place on the form the designation or symbol of the general license under which the commodity(ies) is being exported.

(iii) Symbol on parcel. On mail shipments under a general license, the sender (exporter) shall place the general license designation or symbol on the address side of the wrapper of the parcel, followed by the phrase "Export License Not Required," except (a) when technical data are exported by a United States Government agency under the provisions of general license GTDP or GTDS, or (b) when non-commercial shipments of technical data are exported via first class mail under the provisions of general license GTDP or GTDS by other than a business concern. The general license symbol and the phrase will constitute a certification by the sender to the Postmaster and to the Bureau of Foreign Commerce that a validated license is not required for the shipment.

This amendment shall become effective as of January 31, 1957, except that parts 6, 7, and 11 shall become effective as of March 18, 1957.

PART 399--Positive List of Commodities AND RELATED MATTERS

MISCELLANEOUS AMENDMENTS

1. Section 399.1 Appendix A-Positive List of Commodities is amended in the following particulars:

The following entries set forth below are substituted for entries presently on the Positive List. Where the Positive List contains more than one entry under a Schedule B number, the entry to be superseded is identified by a numerical reference in parentheses following the commodity description in the revised entry:

4 The letter "A" is added in the column headed "Commodity Lists," indicating that the commodity is subject to

the IC/DV procedure (see § 373.2), effective Mor. 13, 1957.

The letter "B" is added in the column headed "Commodity Lists," indicating that the commodity is subject to DL restrictions (see § 374.2), and is excepted from the Time Limit licensing procedure (see Part 377), effective Mar. 4, 1957.

10 The letter "E" is added in the column headed "Commodity Lists," indicating that the commodity may be expected under the Periodic Requirements licensing procedure (see Part 376).

exported under the Periodic Requirements licensing procedure (see Par18 The commodity description is revised without substantive change.

This part of the amendment shall become effective as cf January 31, 1957, unless otherwise indicated in the footnotes.

2. Section 399.2 Appendix B-Commodity interpretations is amended by adding a new interpretation to read as follows:

INTERPRETATION 16: METAL ROLLING MILLS

A rolling mill is defined, for export control purposes, as a line of rolling mill stands and accessory equipment, beginning with the first approach table and ending with the last run-out table or coiler which follows the final change in size or dimension of the metal being processed. A rolling mill rolls ferrous or non-ferrous metals (a) from cast ingots or slabs into semi-fabricated or finished rolled products or (b) from semi-finished products into such rolled products as structural shapes, miscellaneous shapes, plates, pipe skelp, sheet strip, bars, rods, tubes, pipes, etc. It may be a reversing or non-reversing or a continuous or semi-continuous mill. It may be designed for either hot or cold rolling, for producing either welded or seamless tubes and pipes, or for such special operations as temper rolling (skin pass) or simultaneous surface and side rolling (universal mill).

When a complete rolling mill is being exported, either in one shipment or in a series of partial shipments, most but not all of the equipment required for this mill is correctly reported under Schedule B No. 744800, "Rolling mill machines and specially fabricated parts, n. e. c." Some of the in-dividual units are classified elsewhere in Schedule B, Statistical Classification of Domestic and Foreign Commodities Exported

¹ This rule is also contained in the regulations issued by the Bureau of the Census.

¹ This amendment was published in Current Export Bulletin No. 779, dated January 31, 1957,

from the United States, and are never correctly reported under Schedule B No. 744800, even though exported as part of a complete mill. In this latter category are such individual units as furnaces and shears.

There is also a group of specially designed parts and accessories for a rolling mill which are classified elsewhere in Schedule B. These items, however, are classified under Schedule B No. 744800 when exported as part of a complete mill, but must be reported under their own Schedule B number when exported as spare or replacement parts. Examples of this type equipment are electric motors and electric, electronic and/or hydraulic control devices.

Another group of specially designed parts and accessories for a rolling mill includes all items which are not classified elsewhere in Schedule B. These items are correctly reported under Schedule B No. 744800 when being exported either as part of a complete mill or as spare or replacement parts. They include roll stands, work rolls, back-up rolls, approach tables, run-out tables, manipulators, edgers, up collers, down collers, tension and pay-off reels, levelers, straighteners, cooling bed and quenching equipment, and centralized high pressure lubricators.

Equipment for the further processing of the metal product after it has come from the rolling mill as defined above should not be classified under Schedule B No. 744800, even though exported with the mill. Examples of this type equipment are tinplate lines, galvanizing lines, electroplating lines, annealing furnaces, etc. In addition, other equipment used with a rolling mill but not as part of the mill as defined above is never classified under Schedule B No. 744800, even though exported with the mill. Examples of this type equipment are electric generators, roll grinders, and other machine tools.

Since the examples given in the above paragraphs are not all-inclusive, the exporter should, in addition to following the guide lines set forth above, carefully check both the Schedule B and the Positive List of Commodities before entering a Schedule B number on an export license application or on a Shipper's Export Declaration for a particular item he plans to export for use in or with a rolling mill.

This part of the amendment shall become effective as of January 31, 1957.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

Subchapter B-Food and Food Products

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEM-ICALS IN OR ON RAW AGRICULTURAL COM-MODITIES

TOLERANCE FOR RESIDUES OF MONURON (3-(P-CHLOROPHENYL)-1,1-DIMETHYLUREA)

A petition was filed with the Food and Drug Administration requesting an increase in the tolerance for residues of monuron (3-(p-chlorophenyl)-1,1-dimethylurea) in or on asparagus from 1 part per million to 7 parts per million.

The Secretary of Agriculture has certified that this pesticide chemical is useful for the purposes for which the increased tolerance is being established.

After consideration of the data submitted in the petition and other relevant material which show that the tolerance established in this order will protect the public health, and by virtue of the authority vested in the Secretary of Health. Education, and Welfare by the Federal Food, Drug and Cosmetic Act (sec. 408 (d) (2), 68 Stat. 512; 21 U. S. C. 346a (d) (2)) and delegated to the Commissioner of Food and Drugs by the Secretary (21 CFR 120.7 (g)), the regulations for tolerances for pesticide chemicals in or on raw agricultural commodities (21 CFR Part 120; 21 F. R. 2614, 5046) are amended by changing § 120.108 to read as follows:

§ 120.108 Tolerances for residues of monuron (3-(p-chlorophenyl)-1,1-dimethylurea). Tolerances for residues of monuron (3-(p-chlorophenyl)-1,1-dimethylurea) are established in or on raw agricultural commodities as follows:

(a) 7 parts per million in or on asparagus.

(b) 1 part per million in or on citrus citron, cottonseed, grapefruit, grapes, kumquats, lemons, limes, onions (dry bulbs only), oranges, pineapple, spinach, sugarcane, tangelos, tangerines.

Any person who will be adversely affected by the foregoing order may, at any time prior to the thirtieth day from the effective date thereof, file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D. C., written objections thereto. Objections shall show wherein the person filing will be adversely affected by this order, specify with particularity the provisions of the order deemed objectionable and reasonable grounds for the objections, and request a public hearing upon the objections. Objections may be accompanied by a memorandum or brief in support thereof. All documents shall be filed in quintuplicate.

Effective date. This order shall be effective upon publication in the FEDERAL REGISTER.

PART 203—REGISTRATION OF AGENCIES FOR VOLUNTARY FOREIGN AID

VALIDATION OF AND AMENDMENTS TO REGISTRATION

Part 203, Chapter II, Title 22, of the Code of Federal Regulations is hereby amended as follows:

1. Section 203.4 is amended to read as follows:

Validation of registration. \$ 203.4 Certificates of registration will be issued by the Committee to applicants which fulfill the requirements set forth in § 203.3 and upon the finding of the Committee that the general purposes to be served are of a character and fulfill a need that justify appeals for voluntary support, warrant the cooperation of the United States Government, and otherwise are deemed to serve the public interest. Such certificates may be withheld, in the discretion of the Committee, until an initial program has been recorded under the terms set forth in § 203.6. Notice of issuance of certificates will be published in the Federal REGISTER.

2. Section 203.5 is amended to read as follows:

§ 203.5 Amendments to registration. A registrant's certificate of registration shall be amended whenever a material change is made in the registrant's organization, its purposes or governing personnel. The application for amendment shall be supported by a resolution of the controlling body or other evidence certified by an authorized official. Notice of amendment of certificates will be published in the Federal Register.

The foregoing amendments to §§ 203.4 and 203.5 shall become effective upon the date they are filed with the Federal Register.

PART 56—MEDICAL CARE FOR DEPENDENTS OF MEMBERS OF THE UNIFORMED SERVICES

MISCELLANEOUS AMENDMENTS

The following amendments to § 56.5-6 of this Part 56 have been authorized by the Secretary of Defense and the Surgeon General of the Public Health Service, who has been delegated the authority for this program by the Secretary of Health, Education, and Welfare:

Section 56.5-6 (e) is amended by (1) substituting the word "physician's" for the word "total" in the fourth sentence, and (2) ending the fifth sentence with the word "allowances.", and deleting the clause which follows.

Section 56.5-6 (e), as revised, reads as follows:

§ 56.5-6 Charges. * * *

(e) When a patient is treated for injury other than as an inpatient in a hospital, in accordance with § 56.5-3 (d) (3), the payments made shall be in accordance with the local schedules of al-

lowances. Payments not to exceed a maximum of \$75.00, except as provided for under § 56.5-3 (d) (1) (iv) (d), are also authorized for laboratory tests, pathology and radiology examinations provided they are procedures performed by or authorized by the attending physician or surgeon. Payment of charges is also authorized for use of hospital outpatient facilities required for the treatment of the injury, e. g., a cast room. The patient shall pay the first \$15.00 of the physician's charges for each dfferent cause or accident for which treatment and services are rendered, except that multiple injuries to the same person resulting from a single accident shall be considered as one injury for payment of the maximum required fee (\$15.00) by the patient. The Government shall pay for all costs in excess of \$15.00, as authorized in the local schedules of allow-However, payment by the ances. Government for laboratory tests and pathology and radiology examination shall not exceed the \$75.00 maximum, except as provided for under § 56.5-3 (d) (1) (iv) (d).

SOURCE: AFR 45-26, July 26, 1956.

§ 862.90 Purpose. (a) Sections 862.90 to 862.96 provide guidance in the orderly entry on extended active duty of Air Force ROTC graduates and to outline delay criteria.

- (b) The Commander, Continental Air Command, and the Commander, Air University will be guided by §§ 862.90 to 862.96 in administering Air Force ROTC graduates and cadets.
- (c) The professors of air science will insure that each Air Force ROTC cadet

is thoroughly briefed before appointment on the information contained in §§ 862.90 to 862.96.

(d) Category C delays will be monitored by the Commander, Air University.

§ 862.91 Entry on extended active duty of Air Force ROTC graduates. All nonprior service graduates of Air Force ROTC and those prior service graduates enrolled in category I, IA, II or III (see §§ 862.1 to 862.20), will enter on extended active duty within one year from the date of appointment as Reserve officers of the Air Force, unless granted a delay under §§ 862.90 to 862.96. The Commander, Continental Air Command, is responsible for ordering all Air Force ROTC graduates into the active military service. The professors of air science will inform each Air Force ROTC graduate, before his graduation and/or appointment, as to the approximate date he will be required to report for extended active duty. Except for officers granted delays under § 862.94, Air Force Reserve officers scheduled for entry on extended active duty may participate in Reserve training programs in an assigned status if their tentatively scheduled date of entry on extended active duty is at least 6 months after the effective date of such Reserve assignment. Those officers whose retainability is less than 6 months, or those officers delayed under § 862.94, should be encouraged to participate in training activities on an unassigned basis. These officers will be advised that any period of active duty for training performed during their inactive duty reserve assignment will not affect the length of their required extended active duty tour.

§ 862.92 Policy. Initial delays will be granted for the minimum period appropriate, but will not exceed 6 months. Granting extensions of delay periods is authorized whenever warranted within the limits set forth in §§ 862.90 to 862.96. However, a stricter application of the criteria for granting initial delays will be made in evaluating requests for extensions of hardship delay. Professors of air science will exercise wide latitude in considering the wishes of Air Force ROTC graduates in recommending the tentative date of entry on extended active duty. Although a delay may be granted so that the graduate does not enter on extended active duty within one year from date of appointment, he will not be eligible for 6 months' active duty for training and 7½ years of Ready Reserve duty. An Air Force ROTC graduate will not apply for delay until he has received notice of the tentative date he is to enter on extended active duty.

§ 862.93 Reserve status. Graduates of the Air Force ROTC, immediately upon appointment as commissioned officers of the Air Force Reserve, are designated as Ready Reservists. They retain this status until they have completed their obligated period of extended active duty, unless mandatorily designated Standby Reservists.

§ 862.94 Criteria for delay. Air Force ROTC graduates who meet the following criteria may be considered for delay:

(a) Category C, "student". (1) Air Force ROTC graduates appointed or enrolled as cadets in Air Science III or IV on or before April 30, 1956, may, upon graduation and appointment, be delayed from entry on extended active duty until they complete the academic work required for the award of a graduate degree, including bachelor of laws, or a degree in medicine, dentistry, veterinary medicine, or allied health specialties. Additional delay for completion of thesis or dissertation will not be granted. Delay may be granted provided that the student has been accepted for admission to, or enrolled in, graduate school within one year from date of appointment for a full-time course of instruction leading to the award of a graduate degree. If the course has commenced, the graduate school must certify that the student is currently meeting the degree requirements and is expected to attain the degree. Additional delay, not to exceed one year, in 6-month increments, from date of award of the graduate degree. may be granted, in order to meet state licensing requirements.

(2) Air Force ROTC cadets initially enrolled in Air Science III on/or after May 1, 1956, may upon graduation and appointment, be delayed from entry on extended active duty only for a sufficient period after appointment to complete the academic work required for the award of a master's degree, normally awarded after one year of graduate study. Additional delay for completion of thesis or dissertation will not be granted. Delay will not be granted for any degree other than a master's degree, except for Rhodes or Fulbright scholars who will be permitted to complete the terms of the scholarship award. Delay may be granted provided that the student has been accepted for admission to, or enrolled in, a graduate school for the first class (summer school excluded) commencing after his appointment for a full-time course of instruction leading to the award of a master's degree. If the course has commenced, the student must have entered upon the course and the graduate school must certify that he is currently meeting the degree requirements and is expected to attain the degree. Notwithstanding other provisions of this subparagraph, Air Force ROTC graduates enrolled or accepted for enrollment in a recognized theological or divinity school and preparing for the ministry will not be ordered to extended active duty regardless of the date of appointment until they have been ordained or graduated from the seminary or withdraw from study.

(b) Category D, "extreme unforeseen personal hardship." Air Force ROTC graduates whose entry on extended active duty would cause extreme unforeseen personal hardship to his dependents, greater than that which the dependents of other Reservists ordered to extended active duty can be expected to experience, may be granted a delay. Documentary evidence must support requests submitted on the basis of hardship. Personal hardship will be limited to death, serious illness, or serious injury to members of the Reservist's immediate family. It will not include any other hardship such as business, community, or personal finances. As used here, the term "immediate family" includes. spouse, child, mother or father, brother or sister, or any rerson who stands in loco parentis to the Reservist.

§ 862.95 Application for delay. The applicant must initiate a request for delay and forward it to the Air Reserve Records Center, Continental Air Command, 3800 York Street, Denver 5, Colorado, together with documentary evidence substantiating the request.

§ 862.96 Establishing delay and appeals boards—(a) Delay board. The Commander, Continental Air Command, will establish a delay board, consisting of at least one officer and necessary clerical assistants to consider and make determinations on requests for delay. An officer selected for the board will be a field grade officer whenever possible. Classification officers, personnel officers, and technical personnel will be used to assist the delay board in those instances warranting such representation.

(b) Appeal board. Headquarters USAF will establish an appeal board, consisting of at least three Air Force officers who possess broad and diversified experience. The primary function of the board will be to review, on appeal, the decision of the delay board on requests for delay. Appeals from decisions of the delay board

will be addressed to the delay board which will gather all documentary evidence submitted with the original request and forward it, together with the appeal, to the Director of Military Personnel, Headquarters USAF, Washington 25, D. C., for review and determination. Appeals will not be forwarded by the individual concerned direct to Headquarters

PROPOSED RULE MAKING

DEPARTMENT OF THE INTERIOR Bureau of Land Management [43 CFR Part 70]

MINERAL LANDS: COAL PERMITS AND LEASES AND LICENSES FOR FREE USE OF COAL

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that pursuant to the authority vested in the Secretary of the Interior under sections 1 to 19, inclusive, of the act of October 20, 1914 (38 Stat. 741, et seq. 48 U.S. C. 432-438, 438a, 439-452) as amended, it is proposed to amend certain sections of the coal regulations approved September 15, 1952, as amended September 7, 1955. The proposed amendment of the sections is set forth below.

Interested persons may submit, in triplicate, written comments, suggestions, or objections with respect to the proposed amendment of the sections to the Bureau of Land Management, Washington 25, D. C., within 30 days from date of publication of this notice in the Federal Reg-

> HATFIELD CHILSON. Assistant Secretary of the Interior.

> > FEBRUARY 4, 1957.

Sections 70.9, 70.13, 70.14 and 70.17 are amended; the text of § 70.24 is redesignated as paragraph (a) of that section

thereto; § 70.25 is amended by adding new paragraphs (d) and (e) thereto, to read as follows:

§ 70.9 Lease bond. A compliance bond, in no event less than \$1,000, with approved corporate surety (Form 4-1113), or the lessee's personal bond in similar amount (Form 4-1-114), will be required prior to the issuance of a lease. Personal bonds must be accompanied by negotiable Federal securities in the amount of the bond. If the amount of the bond is fixed at \$1,000, the lessee may, instead, furnish a bond on Form 4-1113 with two qualified individual sureties. Each surety must execute a statement showing that he is worth in real property not exempt from execution double the amount of the bond, over and above his just debts and liabilities. and that he is either a resident of the same State or Territory and the United States Judicial District as the principal on the bond, or of the Territory and the Judicial District in which the lands involved are located. There must also be furnished a certificate by a judge or clerk of a court of record, a United States Attorney, a United States Commisisoner, or United States postmaster, as to the identity, signature, and financial competency of the sureties. All bonds furnished with individual sureties will be examined every two years or at any and a new paragraph (b) is added other time when found advisable, and

the principal on the bond will be required to furnish new statements of justification by the sureties and a new certificate of financial competency, and if such sureties are unable to qualify additional security will be required. The statement of justification required to be furnished by the sureties, and the certificate of competency should be on Form

§ 70.13 Notice of lease offer. Notice of offer of lands or deposits for lease will be by publication once a week for four consecutive weeks, or for such other period as may be deemed advisable, in a newspaper of general circulation, published in the Territory of Alaska. The notice will show the time and place of sale, whether the sale will be at public auction or by sealed bids, the description of the land and the place where a detailed statement of the terms and conditions of the lease offer and the obligations of the successful bidder to pay for publication of that notice may be obtained. A copy of the notice will be posted in the appropriate land office during the period of publication. The detailed statement will set forth the terms and conditions of the sale, including the manner in which bids may be submitted, and statements (a) that the successful bidder will be required, prior to the issuance of a lease, to pay his proportionate share of the total cost of publication of the notice of lease offer. and that the successful bidder's share shall be that proportion of the total advertising cost, that the number of parcels of land awarded to him bears to the number of parcels for which high bidders are declared, and (b) that the Government reserves the right to reject any and all bids. If the sale is by public auction, the statement of terms and conditions of the sale will also specify that sealed bids will be accepted. If any bid be rejected, the deposit will be returned. The commission of any act of intimidation of bidders, or the combination of bidders to hinder or prevent biding is unlawful. See 18 U.S. C. 1860.

§ 70.14 Sale; bidding requirements; action by successful bidder: (a) When the sale is by public auction, before bidding is commenced by those persons present, the Manager or other officer conducting the sale will open and read to those persons the sealed bids received on or before the time set in the notice of lease offer. The successful bidder at a sale by public auction must on the day of sale deposit with the Manager or other officer conducting the sale and each bidder at a sale by sealed bid must submit with his bid, the following: Certified check, cashier's check, bank draft, money order or cash for one-fifth of the amount bid by him and a statement over the bidder's own signature with respect to citizenship and interests held, similar to that prescribed in § 70.11 (a) (2), (3) and (b).

(b) Upon receipt of the high bid at, and at the close of, an oral auction, or the opening of the sealed bids, the authorized officer, subject to his right to reject any and all bids, will award the lease to the successful bidder, who

will be notified accordingly. If the land is surveyed, four copies of the lease will be sent to the successful bidder, who will be required within 30 days from receipt thereof to execute them, pay thè balance of the bonus bid, the first year's rental, and the cost of publication of the notice of lease offer as specified in § 70.13, and file a bond as required by § 70.9. The lease will be dated as of the first day of the month following its issuance unless the successful bidder requests that it be dated as of the first day of the month of issuance. If the land is unsurveyed, the successful bidder will not be required to comply with the requirements of this subsection until the land has been surveyed and the plat of such survey accepted and officially filed. Such survey will be at the expense of the Government. If the bidder, after being awarded a lease, fails to execute it or otherwise comply with the applicable regulations, his deposit will be forfeited and disposed of as other receipts under the Alaska Coal Leasing Act. If the lease awarded to the successful bidder is executed by an attorney acting in behalf of the bidder, the lease must be accompanied by evidence that the bidder authorized the attorney to execute the lease. If the bidder dies before the lease is issued, there must be furnished satisfactory evidence such as specified in § 70.24 (b), in order that the Manager of the appropriate land office may determine to whom the lease may be issued.

§ 70.17 Relinquishment of lease. Upon a satisfactory showing that the public interest will not be impaired, the lessee may surrender the entire lease or any legal subdivision thereof. A relinquishment must be filed in duplicate in the appropriate land office. Upon its acceptance it shall be effective as of the date it is filed, subject to the continued obligation of the lessee and his surety to make payment of all accrued rentals and royalties and to provide for the preservation of any mines or productive works or permanent improvements on the leased lands in accordance with the regulations and terms of the lease.

§ 70.24 Reward for discovery. (a)

- (b) If the permittee dies before the lease is issued, the lease will be issued to the executor or administrator of the estate if probate of the estate has not been completed; if probate has been completed, or is not required, to the heirs or devisees; and if there are minor heirs or devisees, to their legal guardian or trustee in his name, provided there is filed in all cases the following information:
- (1) Where probate of the estate has not been completed:
- (i) Evidence that the person, who as executor or administrator submits forms of lease and bond, has authority to act in that capacity and to sign such forms.
- (ii) Evidence that the heirs or devisees are the heirs or devisees of the deceased permittee and are the only heirs or devisees of the deceased.
- (iii) A statement over the signature of each heir or devisee concerning citi-

zenship and holdings similar to that required by § 70.11 (a) (2) and (3), except where the heir or devisee is a minor in which case the statement should be signed by the executor or administrator in behalf of the heir or devisee and be accompanied by evidence that the executor or administrator is authorized to sign the statement.

(2) Where the executor or administrator has been discharged or no probate proceedings are required:

(i) A certified copy of the will or decree of distribution, if any, and if not, a statement signed by the heirs that they are the only heirs of the permittee and citing the provisions of the law of the deceased's last domicile showing no probate is required.

(ii) A statement over the signature of each of the heirs or devisees with reference to citizenship and holdings similar to that required by § 70.11 (a) (2) and (3), except that if the heir or devisee is a minor, the statement must be over the signature of the guardian or trustee and be accompanied by evidence that he is authorized to sign in behalf of the minor.

(3) Where there is a legal guardian or trustee:

(i) A certified copy of the court order authorizing the guardian or trustee to act as such and to fulfill in behalf of the minor or minors all obligations of the lease or arising thereunder; statements by the guardian or trustee as to the holdings of each of the minors and as to his own citizenship and holdings, including his holdings for the benefit of other minors similar to that required by § 70.11 (a) (2) and (3).

\$70.25 Transfers, including subleases. * * *

(d) No transfer will be approved if the transferee is not qualified to take and hold a permit or lease or if his bond is insufficient. A minor, except a minor heir or devisee of a permittee or lessee, is not qualified to hold a permit or lease and a transfer to a minor will not be approved.

(e) In order for the heirs or devisees of a deceased holder of a permit or lease, an operating agreement, or a royalty interest in a permit or lease, to be recognized by the Secretary as the holder of the permit or lease, agreement or interest, there must be furnished the appropriate showing required under § 70.24 (b).

CANNED FRUITS AND CANNED FRUIT JUICES NOTICE EXTENDING TIME IN WHICH TO FILE VIEWS AND COMMENTS ON PROPOSALS TO ESTABLISH DEFINITIONS AND STANDARDS OF IDENTITY FOR CERTAIN TYPES OF ORANGE JUICE

A request has been received for a further extension of the date for filing

views and comments upon the proposal to establish definitions and standards of identity for certain types of orange juice, which was published in the Federal Register of November 6, 1956 (21 F. R. 8511). The time for filing such comments was previously extended to January 31, 1957, by a notice published in the Federal Register on December 7, 1956 (21 F. R. 9726).

In exercise of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919: 21 U.S. C. 341, 371) and in accordance with the authority delegated to him by the Secretary of Health, Education, and Welfare (20 F. R. 1996; 21 F. R. 6581), the Commissioner of Food and Drugs hereby extends until March 5, 1957, the time for filing views and comments upon the proposals to adopt definitions and standards of identity for orange juice, fresh orange juice; stabilized orange juice. processed orange juice; and reconstituted orange juice.

TOLERANCES AND EXEMPTIONS FROM TOL-ERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

NOTICE OF FILING OF PETITION FOR ESTAB-LISHMENT OF TOLERANCES FOR RESIDUES OF ALDRIN

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d) (1), 68 Stat. 512; 21 U. S. C. 346a (d) (1)), the following notice is issued:

A petition has been filed by Shell Chemical Corporation, 460 Park Avenue, New York, New York, proposing the establishment of a tolerance of 0.25 part per million for residues of aldrin in or on the following raw agricultural commodities: Carrots, horseradish, parsnips, radishes, salsify roots.

The analytical methods proposed in the petition for determining residues of aldrin are:

1. Microbioassay of Insecticides With Special Reference to Aldrin and Dieldrin, by Sun and Sun. Journal of Economic Entomology, Volume 45, page 26 (February 1952).

2. Chemical Determination of Aldrin in Crop Materials, by O'Donnell et al., Agricultural and Food Chemistry, Volume 2, page 573 (May 26, 1954).

3. Chemical Determination of Dieldrin in Crop Materials, by O'Donnell et al., Agricultural and Food Chemistry, Volume 3, page 9 (1955).

PROCESSED FRUITS AND VEGETABLES, PROC-ESSED PRODUCTS THEREOF, AND CERTAIN OTHER PROCESSED FOOD PRODUCTS 1

INSPECTION AND CERTIFICATION; PROPOSED RULE MAKING

Notice is hereby given that the United States Department of Agriculture is considering the amendment, as herein proposed, of existing regulations (7 CFR 52.1-52.87) governing the inspection and certification of processed fruits and vegetables, processed products thereof, and certain other processed food products issued pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621 et seq.).

The proposed changes involve new definitions concerning sampling, the deletion of existing tables of sampling rates and the substitution therefor of sampling plans to indicate the number of sample units to be selected for inspection and, in some instances, the number of deviations from certain quality, condition, or contractual requirements that may be permitted when determining the acceptability of a lot of processed food products for a grade, specification, or contract.

The proposed changes also include a procedure for establishing the grade of a lot of processed food products when the basis for inspection includes the quality requirements of an appropriate United States standard for grades of the product and such standards now provide for a scoring system in ascertaining the grade of a sample unit. The proposed procedure to be included in the aforementioned regulations would supersede the procedures outlined in many United States standards for grades of processed food products concerning tolerances for certification of officially drawn samples and it is contemplated that provisions for such procedures set forth in the individual standards will be deleted.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed revision should file the same with the Chief, Processed Products Standardization and Inspection Branch, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D. C., not later than 30 days after publication hereof in the FEDERAL REGISTER.

The proposed revisions in the regulations governing inspection and certification are as follows:

- 1. Delete subparagraph (2) of paragraph (o) of § 52.3 Terms defined, and insert in lieu thereof the following:
- (2) For the purpose of sampling and determining the grade or compliance with a specification, "Lot" means each pile of containers of the same size and

type containing a processed product of the same type and style which is separated from other piles in the same warehouse, but containers in the same pile bearing an identification mark different from other containers in that pile may be deemed to be a separate lot.

- . 2. Delete paragraph (u) of § 52.3 Terms defined, and insert in lieu thereof the following:
- (u) "Sample" and "sample unit" have the following meanings:
- (1) "Sample" means any number of sample units of a product to be used for inspection.
- (2) "Sample unit" means a single container and/or its entire contents, a single portion of the contents of a container or other unit of commodity, a composite mixture of a single type, size, or style of a single commodity packed in a single-size container, or other unit, as may be designated by the Administrator.
- 3. Delete § 52.13 Basis of inspection and insert in lieu thereof the following:
- § 52.13 Basis of inspection and grade or compliance determination. (a) Inspection service shall be performed on the basis of the appropriate United States standards for grades of processed products, Federal, Military, Veterans Administration or other government agency specifications, written contract specifications, or any written specifi-cation or instruction which is approved by the Administrator.
- (b) Unless otherwise approved by the Administrator compliance with such grade standards, specifications, or instructions shall be determined by evaluating the product, or sample, in accordance with the requirements of such standards, specifications, or instructions: Provided, That when inspection for quality is based on any United States grade standard which contains a scoring system the grade to be assigned to a lot is the grade indicated by the average of the total scores of the sample units: Provided further, That:
- (1) Such sample complies with the applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act;
- (2) Such sample complies with the product description;
- (3) Such sample meets the indicated grade with respect to factors of quality which are not rated by score points; and ·
- (4) With respect to those factors of quality which are rated by score points, each of the following requirements is met:
- (i) None of the sample units falls more than one grade below the indicated grade because of any quality factor to which a limiting rule applies;
- (ii) None of the sample units falls more than 4 score points below the minimum score for the indicated grade; and
- (iii) The number of sample units that are deviants does not exceed the applicable acceptance number indicated in the sampling plans contained in § 52.38. A "deviant," as used in this section, means a sample unit that falls into the next grade below the indicated grade but does not score more than 4 points below the minimum score for the indicated grade.

- (5) If any of the provisions contained in subparagraphs (3) and (4) of this paragraph are not met the grade is determined by considering such provisions in connection with succeedingly lower grades until the grade of the lot, if assignable, is established.
- 4. Delete § 52.38 Sampling rates for officially drawn samples including Tables I, II, III, IV, V, VI, and VII and insert in lieu thereof the following:
- § 52.38 Sampling plans and acceptance levels. (a) Unless otherwise approved by the Administrator, each inspector and each licensed sampler shall select from each lot the exact number of sample units indicated for the lot size in either the following applicable single sampling plans or the appropriate multiple sampling plan: Provided, That-
- (1) He may, in his discretion, select the exact number of sample units indicated for any one of the larger-size lots provided for in the selected sampling plan, or
- (2) If, in the conduct of continuous or other in-plant inspection, the sample is examined before the lot size is known and the number of sample units exceeds the prescribed minimum sample size for such lot, but does not equal any one of the prescribed larger sample sizes, the following procedure may be used to determine whether the lot meets any specific requirement:
- (i) If the number of deviants (or deviations when so specified) in the irregular sample does not exceed the acceptance number prescribed for the next smaller sample size, the lot meets the requirement.
- (ii) If the number of deviants (or deviations when so specified) in the irregular sample equals the acceptance number prescribed for the next larger sample size, additional sample units shall be selected to increase the sample to the next larger prescribed sample size.
- (iii) If the number of deviants (or deviations when so specified) in the irregular sample exceeds the acceptance number prescribed for the next larger sample size, the lot fails to meet the requirement.
- (b) Unless otherwise approved by the Administrator, the acceptance numbers prescribed in the sampling plans in this section shall be the maximum number of deviants (or deviations when so specified) permitted in a sample. As used in this section, "deviation" means any variation in a sample unit from a specific grade or specification requirement that is specifically defined as such in these regulations, any grade standard, specification, or other document used as a basis for inspection; "deviant" means any sample unit affected by one or more deviations.
- (c) Sampling plans referred to in this section are contained in Tables I, II, III, IV, V, VI, and VII which follow. For processed products not included in these tables, the minimum sample size shall be the exact number of sample units prescribed in the table, container group, and lot size that, as determined by the inspector, most closely resembles the product, type, container size, and amount of product to be sampled.

¹Among such other processed food products are the following: Honey; molasses, except for stockfeed; nuts and nut products, except oil; sugar (cane, beet and maple); sirups (blended), sirups, except from grain; marine food products, except oil.

TUNA FISH

TARIFF RATE QUOTA

FEBRUARY 4, 1957.

Pursuant to the President's Proclamation No. 3128 of March 16, 1956 (T. D. 54051), it has been determined that 45,460,000 pounds of tuna may be entered for consumption or withdrawn from warehouse for consumption during the calendar year 1957 at the rate of $12\frac{1}{2}$ per centum ad valorem under paragraph 718 (b), Tariff Act of 1930, as modified. Any tuna classifiable under paragraph 718 (b) of the tariff act which is entered, or withdrawn, for consumption during the current calendar year in excess of this quota will be dutiable at the full rate of 25 per centum ad valorem.

The above quota is based on the indicated United States pack of canned tuna for the calendar year 1956 as reported by the United States Fish and Wildlife Service on the basis of preliminary data assembled by that Service. It is subject to possible change on the basis of complete data.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

NEVADA

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

JANUARY 31, 1957.

The United States Forest Service has filed an application, Serial No. Nevada 044346, for the withdrawal of the lands described below, from location and entry under the General Mining Laws subject to existing valid claims. The applicant desires the land for a recreation area and administrative sites.

For a period of 30 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, P. O. Box 1551, Reno, Nevada.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are within the Humboldt National Forest and are described below:

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

FEBRUARY 1, 1957.

The U.S. Fish and Wildlife Service has filed an application, Serial No. Sac-

ramento 047465, for the withdrawal of the lands described below, from all forms of appropriation except mineral leasing under the mineral leasing laws and the disposal of materials under the Materials Act of July 31, 1947 (61 Stat. 681; 43 U. S. C. 1185). The management, use and disposal of the forest and range resources will continue under the administration of the Bureau of Land Management in accordance with applicable laws and regulations.

The applicant desires the land be reserved in public ownership to provide assistance to the State of California for the protection, development and management of the wildlife resources. The area is known as the Honey Lake Water-

fowl Management Area.

For a period of 30 days from the date of publication of this notice, persons having cause may present their objections in writing to the undersigned official of the Bureau of Land Management, Department of the Interior, Room 801, California Fruit Building, 4th and J Streets, Sacramento, California.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the Federal Register. A separate notice will be sent to each interested party of record.

The lands involved in the application , are:

MOUNT DIABLO MERIDIAN

Federal Maritime Board

[Docket No. 806]

ACIFIC COAST-HAWAII AND ATLANTIC/ GULF-HAWAII; GENERAL INCREASE IN RATES

OTICE OF INVESTIGATION AND OF HEARING

On February 1, 1957, the Board entered he following order amending its order f January 25, 1957, in this proceeding:

The following order in this proceeding ated January 25, 1957, and served on Janury 28, 1957, is hereby amended to include dditional items as marked in italics.

It appearing that there have been filed ith the Federal Maritime Board, by the ollowing carriers and conference, various ariffs naming increases in commodity rates om, to and between Pacific west coast ports nd Atlantic and Gulf coast ports on the one and and ports in the Hawaiian Islands on he other, effective as shown:

Matson Navigation Company Freight Tariff o. 1–M, F. M. B. F–No. 69, effective January 6, 1957;

Matson Navigation Company Freight Tariff o. 2–O, F. M. B. F–No. 70, effective January

6, 1957; Matson Navigation Company Freight Tariff o. 3-L, F. M. B. F-No. 71, effective January

6, 1957; Hawaiian Steamship Company Limited, reight Tariff No. 1, F. M. B. F-No. 1, effec-

ve February 2, 1957; Pacific Transport Lines, Inc., Freight Tariff o. 7, F. M. B. F-No. 7, Sections I and II hereof, effective February 1, 1957;

Waterman Steamship Corporation, Freight ariff No. 2-E, F. M. B. F-No. 8, effective ebruary 13, 1957; and

Atlantic and Gulf/Hawaii Conference, A. . King, Agent, loose-leaf Freight Tariff No. 11, F. M. B. F-No. 17, effective January 26, 1957.

It further appearing that said tariffs name increases in rates over the applicable rates presently in effect;

It further appearing that the Board is of the opinion that the proposed rates should be made the subject of a public investigation and hearing to determine whether the said proposed rates are just and reasonable and otherwise lawful under section 18 of the Shipping Act, 1916, or the Intercoastal Ship-

ping Act, 1933, as amended; and It further appearing that the Board being of the opinion that the effective date of the said tariffs should be suspended, pending

investigation;

It is ordered, That the Board enter upon a hearing concerning the reasonableness and lawfulness of the rates, charges, regulations

and practices stated in said tariffs;

It is further ordered, That the operation of said tariffs be, and they are hereby suspended and that the use of the rates, charges, regulations and practices therein stated be, and they are hereby deferred until May 26, 1957, unless otherwise authorized by the Board;

It is further ordered, That no change shall be made in the rates, charges, regulations, and practices hereby deferred until this investigation and suspension or any extension thereof has expired, unless otherwise authorized by special permission of the Board;

It is further ordered, That there shall be

filed immediately with the Board by the Mat-son Navigation Company, Hawaiian Steam-ship Company, Limited, Facific Transport Lines, Inc., Waterman Steamship Corporation, and Atlantic and Gulf/Hawaii Conference, A. E. King, Agent, consecutively numbered supplements to the aforesaid tariffs which supplements shall bear no effective date; shall reproduce the portion of this order wherein the suspended tariffs are described; shall state that tariffs are suspended and that the rates, charges, regulations and practices therein stated may not be used until the 26th day of May, 1957 unless otherwise authorized by special per-mission of the Board; and that the rates, charges, regulations and practices hereby deferred may not be changed during the period of suspension or any extension thereof, unless otherwise authorized by special permission of the Board;

It is jurther ordered, That copies of this order shall be filed with said tariffs in the office of the Federal Maritime Board: that a copy hereof shall be forthwith served upon the American President Lines, Ltd., Hawaiian Steamship Company, Limited; Isthmian Lines, Inc.; Lykes Bros. Steamship Company, Ltd.: Matson Negigation Company. The Ltd.; Matson Navigation Company; The Oceanic Steamship Company; Pacific Transport Lines, Inc.; United States Lines Company; Waterman Steamship Corporation, Young Brothers Limited, States Marine Corporation of Delaware, and the Atlantic and Gulf/Hawaii Conference, A. E. King, Agent; and said agent and carriers be, and they are hereby, made respondents in this proceeding; and that protestants, agent and carriers be duly notified of the time and place of the hearing herein ordered and that notice of such hearing be published in the Federal Register.

It is further ordered, That this order amends order entered in this proceeding on the 25th day of January 1957.

Pursuant to the above order, notice is hereby given that a public hearing in this proceeding will be held before Examiner C. W. Robinson of the Board's Hearing Examiners' Office at San Francisco, California, beginning at 10 o'clock a. m., March 11, 1957. The location of the hearing room will be announced later. The hearing will be conducted in accordance with the Board's rules of practice and procedure, and an initial decision will be issued by the examiner.

All persons (including individuals, corporations, associations, firms, partnerships, and public bodies), having an interest in this proceeding and desiring to intervene therein, should notify the Secretary of the Board on or before February 21, 1957, and should file petitions for leave to intervene in accordance with Rule 5 (n) of said rules of practice and procedure.

On February 1, 1957, the Board entered the following two (2) supplemental orders in this proceeding:

FIRST SUPPLEMENTAL ORDER

It appearing, that petitions have been filed with the Federal Maritime Board for or on behalf of the following carriers and conference, in which relief is sought to depart from the terms of rule 20 (c) of Tariff Circular No. 3 in order to publish certain interim increases in the rates continued in effect as a result of the order of suspension dated January 25, 1957 in Docket No. 808:

American President Lines, Ltd. Isthmian Lines, Inc. Lykes Bros. Steamship Company, Ltd. Matson Navigation Company The Oceanic Steamship Company Pacific Transport Lines, Inc. States Marine Corporation of Delaware United States Lines Company Waterman Steamship Corporation Young Brothers Limited Atlantic and Gulf/Hawaii Conference, A. E. King, Agent;

It further appearing, that the petitioners seek to establish the said increases on less than statutory notice in new schedules which will supersede the rates otherwise continued in effect as a result of the aforesaid suspension:

It further appearing, that the aforesaid petitioners are in immediate need of additional revenues to offset increased cost of operation and that without such additional revenues some or all of the carriers involved will incur financial loss or at best will receive a return which is inadequate for the maintenance of efficient common carrier service in this trade;

It further appearing that the interim tariffs will name rates that are lower than the rates under suspension and that good cause exists for granting special permission to publish the interim adjustment on 5 days' notice;

It further appearing that the board is of the opinion that the amended order in Docket No. 808 should be modified to permit the establishment of the interim schedules;

It is ordered. That (a) Special Permission
Application No. 8, filed by Neil S. Laidlaw,
Publishing Agent for Matson Navigation
Company, American President Lines, Ltd., and Oceanic Steamship Company, to publish Matson Navigation Company's freight tariffs FMB-F Nos. 73 and 74, be and it is hereby granted under Special Permission No. 3603 on not less than five day's notice;

(b) Special Permission Application No. 9, filed by Neil S. Laidlaw, Publishing Agent for Matson Navigation Company, Isthmian Lines, Inc., and United States Lines (American Pioneer Line) to publish Matson Navigation Company's freight tariff FMB-F No. 75, be and it is hereby granted under Special Permission No. 3605 on not less than five days' notice:

(c) Special Permission Application No. 2, filed by J. J. Sullivan, Acting Secretary, Atlantic and Gulf/Hawaii Conference, for and on behalf of American President Lines, Ltd., Isthmian Lines, Inc., Lykes Bros. Steamship Company, Ltd., Matson Navigation Com798 NOTICES

pany, United States Lines (American Pioneer Line), The Oceanic Steamship Company, and States Marine Corporation of Delaware, to publish Atlantic & Gulf/Hawaii Conference tariff FMB F-No. 18, be and it is hereby granted under Special Permission No. 3604 on not less than five days' notice; and

(d) Special Permission Application No. 1, filed by Tom Killefer, authorized representative for Pacific Transport Lines, Inc., to publish consecutively numbered supplement to freight tariff FMB-F No. 6, containing interim changes in sections I and II of said tariff, be and it is hereby granted under Special Permission No. 3606 on not less than 5 days' notice;

It is further ordered, That the said proposed schedules shall contain a notation that they will expire May 26, 1957, unless sconer cancelled, changed, or extended by

further order of the Board;

It is further ordered, That these Special Permissions do not modify any of the pro-visions of the Shipping Act, 1916, as amended, and the Intercoastal-Shipping Act, 1933, as amended, nor waive any of the Board's published rules relative to the construction and filing of tariff schedules, except as indicated herein;

It is further ordered, That this order shall be without prejudice to the proceedings herein directed to the question whether the proposed rate changes, or any part thereof, suspended by our prior order herein of January 25, 1957, are just and reasonable and otherwise lawful; and

It is further ordered, That this order supplement the order entered in this proceeding on January 25, 1957, as amended by order dated February 1, 1957.

SECOND SUPPLEMENTAL ORDER

It appearing, that petition has been filed with the Federal Maritime Board by the Hawaiian Steamship Company, Ltd., in which relief is sought to depart from the terms of rule 20 (c) of the Board's Tariff Circular No. 3 in order to publish a supplement to petitioner's tariff FMB-F No. 1, which tariff is under suspension by order of the Board in Docket No. 808;

It further appearing, that petitioner seeks to publish the aforesaid supplement as an emergency measure in order to have rates, rules, regulations and charges on file with the Board and in effect on or about February 5, 1957, which is the announced sailing date of petitioner's inaugural sailing;

It further appearing, that petitioner seeks to publish the emergency rates, rules, regulations and charges on a basis identical to

the rates, rules, regulations and charges named in Matson Navigation Company Tariffs FMB-F Nos. 66 and 67;

It further appearing, that petitioner desires to direct the cancellation of the aforesaid emergency supplement by a subsequent schedule which will name interim rates as authorized by the Board in supplemental order in Docket No. 808 with respect to carriers listed therein;

It further appearing, that the interim tariff aforesaid will name rates, rules, regula-tions and charges which are lower than the rates, rules, regulations and charges named in petitioner's tariff FMB-F. No. 1 which tariff is under suspension in Docket No. 808;

It further appearing, that good cause exists for granting petitioner special permission on one day's notice to publish the emergency supplement to petitioner's Tariff FMB-F. No. 1: and

It further appearing, that good cause exists for granting petitioner special permission on days' notice to publish a new tariff of interim rates which will supersede the provision of Supplement No. 1 to petitioner's tariff F. M. B. F-No. 1:

It is ordered, That Special Permission Application No. 2 filed by Joseph A. Klausner, Vice President, Hawaiian Steamship Company, Limited, to publish consecutively numbered supplements to freight tariff FMB-F. No. 1, naming emergency rates, rules, regulations and charges identical to those published in Matson Navigation Company Tariffs FMB-F Nos. 66 and 67, be granted on one day's notice under Special Permission No. 3607:

It is further ordered, That Special Permission Application No. 2, filed by Joseph A. Klausner, Vice President, Hawalian Steamship Company, Ltd., to publish a new tariff naming interim rates, rules, regulations and charges identical to those published in Matson Navigation Company Tariffs FMB-F. Nos. 73 and 74, which new tariff of petitioner will direct the cancellation of Hawaiian Steamship Company Tariff FMB-F. No. 1, as amended, be and it is hereby granted on not less than five days' notice under Special Permission No. 3608.

It is further ordered. That the new tariff

authorized for publication by Special Permission No. 3608 shall contain a notation that it will expire May 26, 1957, unless sooner cancelled, changed or extended by further order of the Board;

It is further ordered, That these Special Permissions do not modify any of the provisions of the Shipping Act, 1916, as amended, and the Intercoastal Shipping Act, 1933, as amended, nor waive any of the Board's pub-lished rules relative to the construction and filing of tariff schedules, except as indicated herein;

It is further ordered, That this order shall be without prejudice to the proceedings herein directed to the question whether the proposed rate changes, or any part thereof, suspended by our prior order herein of January 25, 1957, are just and reasonable and otherwise lawful; and

It is further ordered, That this order supplement the order entered in this proceeding on January 25, 1957, as amended by order dated February 1, 1957.

Dated: February 5, 1957.

By order of the Federal Maritime Board.

[Appeals Board Docket No. FC-40]

AMERICAUTO

APPEALS BOARD DECISION

In the matter of Jacques Bensa, doing business as Americauto, 44 rue Brunel, Paris, France.

A temporary order was issued which, among other things, denied United States export privileges to the above-named appellant on October 4, 1956 (21 F. R. 7703), and the term thereof was extended to January 28, 1957 by a further order issued December 4, 1956 (21 F. R. 9794). and again extended by a further order issued January 28, 1957 (22 F. R. 643). The original order, as extended, is the subject of this appeal.

Following an oral hearing on the record before the Appeals Board, the record in this matter has been carefully examined and due weight has been given to the written statements from the appellant in support of his appeal.

The Board finds that, up to this point, the temporary suspension order, as extended, from which this appeal is made, has been properly imposed and extended to protect the national interest of the United States.

Therefore, it is ordered. That:

1. The appeal be and hereby is denied, provided however, that nothing in this decision shall be construed as precluding the appellant from appealing any further extension of the temporary suspension order beyond that which has already been made.

GRISWOLD FORBES, Deputy Chairman, Appeals Board.

[Docket No. 50-51]

FOSTER WHEELER CORP.

NOTICE OF APPLICATION FOR UTILIZATION FACILITY EXPORT LICENSE

Please take notice that on January 25, 1957, Foster Wheeler Corporation, 165 Broadway, New York, New York, filed an application under section 104d of the Atomic Energy Act of 1954 for a license to export a 5-megawatt, tank-type nuclear reactor to the Danish Atomic Energy Commission, Christiansborg, Copenhagen, Denmark. A copy of the application is available for public inspection in the AEC Public Document Room located at 1717 H Street NW., Washington, D. C.

Dated at Washington, D. C. this 1st day of February 1957.

[Docket No. 50-49]

AEROJET GENERAL NUCLEONICS

 NOTICE OF APPLICATION AND PROPOSED ISSU-ANCE OF AMENDMENT TO LICENSE AUTHORIZING TRANSFER OF REACTOR TO PHILADELPHIA, PA. AND OPERATION IN CONVENTION HALL

Please take notice that Aerojet General Nucleonics on January 22, 1957, filed an application for authorization (a) to transfer its Model AGN-201 type nuclear reactor, Serial No. 101, from its San Ramon, California plant to Philadelphia, Pennsylvania, (b) to operate the reactor as an exhibit in Convention Hall during the period March 6, 1957 to March 15, 1957, inclusive, and (c) subsequent to such operation to return the core to San Ramon, California, and to transfer the reactor without core to Catholic University, Washington, D. C., for storage by AGN. The reactor proposed to be so transferred and operated is one of the three for which AGN seeks a license in Docket No. F-32. Notice of the proposed issuance of a construction permit and the facility licenses in Docket No. F-32 has been published in the Federal Register, 22 F. R. 742.

Please take further notice that if the Atomic Energy Commission issues the license in Docket No. F-32 referred to above, the AEC proposes to amend such license substantially as set forth below unless within 15 days after publication of this notice in the Federal Register a request for a formal hearing is filed with the Commission in the manner prescribed by § 2.102 (b) of the Commission's rules of practice (10 CFR Part 2).

There is annexed a Memorandum submitted by the Division of Civilian Application which summarizes the principal factors considered in reviewing the application. A copy of the application is on file in the Atomic Energy Commission Public Document Room, located at 1717 H Street NW., Washington, D. C. Amendment to license. 1. Subject to

Amendment to license. 1. Subject to the conditions and requirements incorporated herein, the Atomic Energy Commission hereby amends the license issued to Aerojet-General Nucleonics (herein referred to as "AGN") for the operation of AGN-201 reactor, Serial No. 101 (hereinafter referred to as the "reactor"), in the following respects:

(a) AGN is authorized to transfer the reactor from AGN's plant in San Ramon, California, to Convention Hall, Phila-

delphia, Pennsylvania;

(b) AGN is authorized to operate the reactor at the site designated in its application in Convention Hall as an exhibit during the period of the Atomic Exposition and Nuclear Congress, March 6 to March 15, 1957, inclusive:

(c) AGN is authorized thereafter to return the core of the reactor to its plant at San Ramon, California, and to transfer the reactor, without core, to a site at Catholic University, Washington,

D. C., for storage by AGN:

(d) AGN shall transfer the reactor to Philadelphia, operate the reactor in Convention Hall, return the core to San Ramon, California, and transfer the reactor without core to the site at Catholic University, Washington, D. C., in accordance with the procedures described in its application filed January 22, 1957, and amendment thereto filed January 28, 1957;

(e) Material irradiated in the reactor shall not be distributed to any person except as authorized in or pursuant to the regulations contained in 10 CFR Part 30, "Licensing of Byproduct Material"; and

- (f) The reactor core shall for purposes of transportation be packaged and labeled in accordance with the procedures specified in the application, and the regulations contained in 10 CFR Part 20, "Standards for Protection Against Radiation" and in accordance with applicable regulations of other Federal Agencies.
- 2. Nothing contained in this amendment shall relieve AGN from compliance with any of the provisions contained or incorporated in the license issued to it for the AGN-201 reactor, Serial No. 101.

Dated at Washington, D. C., this 6th day of February 1957.

For the Atomic Energy Commission.

H. L. PRICE, Director, Division of Civilian Application.

MEMORANDUM

The AGN-201 reactor is a small research reactor designed by Aerojet-General Nucleonics (AGN) to operate at a maximum power of 100 milliwatts. One reactor of the type has been constructed and is presently operating at the AGN site in Sam Ramon, California, pursuant to License R-6 issued October 19, 1956

A complete description of the reactor and a hazards analysis concerning the reactor are contained in various license applications which have been submitted by AGN (Docket Nos. F-15, F-32 and F-44). A summary of the reactor description and detailed discussion of the hazards analysis of the AGN-201 type reactor have been incorporated in a memorandum accompanying the Notice of Proposed Issuance of Construction Permit for three additional reactors of the same type in Docket No. F-32.

AGN now proposes to transfer an AGN-201 reactor to the Atomic Exposition and Nuclear Congress in Philadelphia, Pennsylvania, to exhibit it during the period March 6 to March 15, 1957, and then to return the core to San Ramon and place the reactor in storage at Catholic University, Washington, D. C. AGN estimates that approximately 10,000 delegates and visitors will view the reactor at the Philadelphia site.

PROCEDURE FOR TRANSPORTING NUCLEAR COMPONENT

Prior to transporting the reactor the top six core discs and the fuel discs from the control and safety rod capsules will be removed from the core and placed in a gas-tight steel vessel, held in a birdcage (a container which isolates special nuclear material to preclude concentration of a critical mass). The total amount of U-235 in this vessel will be approximately 350 grams. The remainder of the core material, containing approximately 300 grams U-235, will be left sealed inside the core tank.

It is stated in the application that both the birdcage and the core tank will be placed in containers labeled in conformance with Part 72 of ICC Regulations. In addition it is provided in the accompanying proposed amendment that the packaging as well as labeling shall be in conformance with applicable regulations of other Federal Agencies. The 10 millicurie radium-beryllium source will be placed in a shielded and fireproof container and similarly labeled. The three containers will be escorted by AGN personnel from San Ramon, California, to Philadelphia. Pennsylvania. Upon arrival at Convention Hall the material will be stored in a locked and guarded room until the fuel and source are placed in the reactor vessel at Convention Hall. The same procedures will be followed in packaging and transporting the material back to San Ramon as were employed in shipping the material to Philadelphia.

The procedures for shipping the special nuclear material and the source are reasonable, and it is concluded that there will be no undue risk to the health and safety of the public in these operations.

DESCRIPTION OF SITE, CONVENTION HALL, PHILADELPHIA, PENNSYLVANIA

The reactor is to be located in Exhibit Space No. 270 in the Grand Exhibition Hall of Convention Hall. The building is constructed with brick walls 24 feet high, a 4½ inch concrete floor pad and a wood truss roof. The 20 x 30 foot exhibit area will be surrounded by a chain guard rail; an inner chain guard rail will surround the control console. A guard stationed at the entrance to the exhibit area will restrict entrance to AGN personnel and such others who are specifically invited into the exhibit area by AGN. A maximum of two visitors will be permitted in the area at any one time. Ac-

cess to the control console will be limited to a licensed operator at all times. The exhibit area will be supervised by AGN personnel at all times when Convention Hall is open to the public, and will be guarded by members of a qualified protection service during other times.

PLANS FOR DEMONSTRATION OF REACTOR

AGN's plans for operating the reactor at the Atomic Exposition and Nuclear Congress include: (1) bringing the reactor to power approximately 10 times each day, (2) irradiation of samples of polyethylene, polystyrene and aluminum, and (3) irradiation of silver contained in dimes, to illustrate neutron activation. The application states that none of the dimes will be given to the public until the activity is within permissible limits specified in 10 CFR Part 20. The accompanying proposed amendment provides that material irradiated in the reactor shall not be distributed to any person except as authorized in or pursuant to the regulations contained in 10 CFR Part 30.

HAZARDS ANALYSIS

The hazards and safety factors associated with this reactor were discussed in the memorandum accompanying the Notice of Proposed Issuance of Construction Permit in Docket No. F-32. That memorandum is incorporated herein by reference.

CONCLUSION

From a consideration of the problems involved it is concluded that there is reasonable assurance that the reactor may be operated at the proposed site in Convention Hall, Philadelphia, Pennsylvania, in accordance with described procedures without undue risk to the health and safety of the public.

Dated at Washington, D. C., this 6th day of February, 1957.

SECURITIES AND EXCHANGE COMMISSION

[File No. 2-11751]

GULF SULPHUR CORP.

NOTICE OF APPLICATION AND OPPORTUNITY FOR HEARING

FEBRUARY 4, 1957.

Notice is hereby given that Gulf Sulphur Corporation (Company) has filed an application under section 310(b) (1)(ii) of the Trust Indenture Act of 1939 (Act) for a finding by the Commission that trusteeship of The Chase Manhattan Bank under an Indenture dated as of July 1, 1955 (1955 Indenture) which was heretofore qualified under the act, and trusteeship by The Chase Manhattan Bank under a proposed indenture to be dated as of December 15, 1956 (1956 Indenture) not to be qualified under the act, is not so likely to involve a material conflict of interest as to make it necessary in the public interest or for the protection of investors to disqualify said Trustee from acting as such under the 1955 Indenture and the 1956 Indenture.

Section 310 (b) of the act, which is embodied in section 9.08 of the 1955 Indenture, provides, in part, that if an indenture trustee under an indenture qualified under the act has or shall acquire any conflicting interest (as defined in the section), it shall, within ninety days after ascertaining that it has such conflicting interest, either eliminate such conflicting interest or resign. Subsection (1) of this section provides, with certain exceptions stated therein, that a trustee is deemed to have a conflicting interest if it is trustee under more than one indenture of the same obligor. However, pursuant to clause (ii) of subsection (1), an issuer may sustain the burden of proving, on application to the Commission and after opportunity for hearing thereon, that trusteeship under a qualified indenture and another indenture is not so likely to involve a material conflict of interest as to make it necessary in the public interest or for the protection of investors to disqualify such trustee from acting as trustee under one of such indentures.

The Company alleges that-

- 1. It proposes to issue \$750,000 principal amount of the company's 6 percent Series C Convertible Debentures under the 1956 Indenture. The Chase Manhattan Bank would be the Trustee. The fifteen purchasers of these Debentures would take for investment rather than distribution. The 1956 Indenture is therefore exempt from qualification under the act by virtue of section 304 (c).
- 2. The 1955 Indenture provided for the issuance of \$3,000,000 principal amount of the company's 5 percent Series A Convertible Debentures and \$1,500,000 principal amount of its Series B Convertible Debentures. This Indenture was qualified under the act.
- 3. Both Indentures are wholly unsecured.
- 4. Aside from differences as to amounts, dates, interest rates, redemption prices and other procedural differences, most of the provisions of the two Indentures are alike.
- 5. The company is not in default under either Indenture.
- 6. The differences between the 1955 Indenture and the 1956 Indenture are not likely to involve a conflict of interest in the trusteeship.

For a more detailed statement of the matters of fact and law asserted, all persons are referred to the application which is on file in the offices of the Commission at 425 Second Street NW., Washington, D. C.

Notice is further given that an order granting the application may be issued by the Commission at any time on or after February 22, 1957, unless, prior thereto, a hearing upon the application is ordered by the Commission, as provided in clause (ii) of section 310 (b) (1) of the act. Any interested person may, not later than February 20, 1957, in writing, submit to the Commission his views or any additional facts bearing upon this application or the desirability of a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact and law raised by the application which he desires to controvert.

ZENITH URANIUM AND MINING CORP.

ORDER VACATING ORDER OF SUSPENSION

I. Zenith Uranium and Mining Corporation of 351 South Street, Salt Lake City, Utah, filed July 12, 1954 with the Commission a notification on Form 1-A relating to a proposed public offering of 300,000 shares of its common stock, 1 cent par value, at \$1 a share for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof and Regulation A promulgated thereunder.

II. The Commission on December 13. 1955 ordered that the conditional exemption under Regulation A be temporarily suspended on the ground that the issuer failed to comply with a requirement of Regulation A by failing to file semiannual reports of stock sales and on the additional ground that its underwriter, Daniel M. Sheehan, Jr., d/b/a Sheehan

Company, Common Stock; File No. contained in the official file of the Com- & Company, consented to the entry of an order in the United States District Court for the District of Massachusetts permanently enjoining him from further violations of the provisions of the Securities Exchange Act of 1934 and in particular section 17 in connection with the purchase or sale of any security.

III. It appears that no sales have been made nor will be made by the issuer. promoters, their agents, servants, employees, attorneys or their assigns; that pursuant to the underwriting agreement, contractual relationship between Zenith Uranium and Mining Corporation and Sheehan & Company, its underwriter, terminated on November 10, 1954; that no shares of stock were ever printed and, accordingly, no shares were ever physically delivered to anyone; that the issuer has abandoned plans for a public offering of its securities either pursuant to Regulation A or the registration provisions of the 1933 Act and to this end has caused said corporation to be dissolved. It also appears that there are no outstanding liabilities of the issuer and that the issuer considers it has no legal obligation to anyone to deliver any shares: that the mining claims, being the sole asset of the issuer, were retransferred out of the corporation and that no one has any claim to any shares of the issuer: that the injunctive action taken against the underwriter did not arise out of any transactions which the underwriter had by, for or with the issuer; and that the issuer has filed the necessary 2-A forms.

IV. It appearing to the Commission that a hearing is not necessary or appropriate in the public interest or for the protection of investors and that the basis for said temporary order of suspension as aforesaid no longer exists:

It is ordered, Pursuant to Rule 223 (b) of the general rules and regulations under the Securities Act of 1933, as amended, that said temporary order of suspension be and it hereby is vacated.

UNITED STATES TARIFF COMMISSION

[List No. S-7-3]

CERTAIN EXPANSION BRACELETS AND PARTS THEREOF

> NOTICE OF SUSPENDED ACTION ON COMPLAINTS

> > FEBRUARY 5, 1957.

On February 4, 1957, the Tariff Commission suspended action, pending the outcome of certain patent litigation, on complaints under section 337 of the Tariff Act of 1930 filed by Speidel Corporation, 70 Ship Street. Providence, Rhode Island, alleging unfair methods of competition and unfair acts in the importation and sale in the United States of certain foreign expansion bracelets and parts thereof. Notice of receipt of the complaints was issued by the Commission on October 30, 1956 (21 F. R. 8473).

The action of the Commission was based in part on the fact that certain of the patents involved in the complaints are the subject of pending patent suits in the Federal Courts.

I certify that the above action was taken by the United States Tariff Commission on February 4, 1957.

DONN N. BENT. Secretary.
